Organizing Chairman, GATE 2017 on behalf of NCB-GATE, for MHRD

The GATE 2017 score is calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this score card in GATE 2017

M_q is the qualifying marks for general category candidate in the paper

\bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of

multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to \bar{M}_t

In the GATE 2017 score formula, M_q is usually 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper. Qualifying in GATE 2017 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

(1) The intent of this comparison is to show your total compensation. It is an estimate and is not intended to represent your actual earnings during the fiscal or calendar year. Actual earnings will differ from this estimate due to timing of the change and how variable pay is administered when changes occur.

(2) Annual fixed CTC is your monthly fixed CTC times 12. Your total eligible earning is your total fixed salary earned during the fiscal year. Any pay changes you may have had during this period will be taken into account, while calculating your total eligible earnings for STI payouts.

(3) STI is an annual cash award based on performance metrics during the fiscal year (01 November – 31 October). It supports the Company's compensation philosophy of providing exceptional pay potential when we achieve sustained, exceptional performance for shareholders – Performance That Endures. STI is payable to eligible employees who are on the rolls of the Company as of 31 October of the year, and is included with the December salary. This amount is prorated based on your service period for the relevant fiscal year. The metrics may differ by division. Specific goals must be met before an award will be paid. Commission-based employees may not be eligible for STI.

(4) MTI is a cash award based on performance metrics for a multi-year performance period. (5) Variable pay is subject to change at any time. John Deere and its parent company Deere & Company reserves the right to suspend, amend, modify, or terminate the Plan(s) in its sole discretion. Changes, which can be made at any time, are made by action of the Company's board of directors, or to the extent authorized by resolution of its board of directors, or by the Deere & Company Compensation Committee. In the event of a conflict between the language of the official Plan Documents and this document, the language of the official Plan Documents will control.

Annexure 2: HEALTH AND SAFETY POLICY

1. Introduction

Randstad recognizes people as its most important asset and is committed to ensuring safe and healthy work environment for all its employees and people visiting its premises. Randstad's Corporate Policy necessitates a specific Health & Safety Policy for its outsourced employees. Given that our EWs are redeployed to various client sites, where each client's Health & Safety Policy would be different, it is our commitment to ensure that our EWs have safe working conditions, where risks if any, are well managed and our clients treat all our EWs as they would treat their direct employees in matters of health & safety.

This document is to be read and thoroughly understood by all Randstad EWs at the time of joining an assignment; it requires them to be aware of the policy and our recommendations for safe working practices.

We assure that we will not depute an EW to a client site, which causes an Occupational Hazard or risk to Health. We will only work with clients who are aligned to our Health & Safety Policy for EWs. Additionally, we advise our EWs and employees to bring to our notice, situations that an EW might encounter and could be a potential health & safety issue.

We also ask our EWs not to endanger themselves or their colleagues at work by violating any safety rules, and to comply with work place instructions besides ensuring that they wear Personal Protective Equipment where advised. Our EWs are asked not to interfere with or misuse anything provided for their safety, health and welfare. This is a condition of employment with Randstad. Management reviews will be held each year to review implementation of this policy and draw upon further improvements for the following year. These improvements will include the policy itself and the associated business processes to attain objective of this policy.

2. Health & Safety Policy

Health & Safety in the work place is every one's responsibility. Randstad regards promotion of Health & Safety measures as a mutual objective for the management and employees, including deputed employees. Randstad has factored in statutory requirements while arriving at this Health & Safety Policy.

General Safety

1. Ensure that you are aware of your own responsibilities in respect of relevant health, safety and environmental matters.
2. Follow instructions the way it is meant to be. Use entries and exits, lifts in the manner it is meant to be.
3. Ensure you have your EW ID card on your person at all times with your photograph, Randstad contact details and Nos. displayed in a clear manner.
4. If you have a visitor, ensure your visitor signs in and receives a security pass. Do not take your visitor into the client premises without permission.
5. You will not enter your work premises while under the influence of alcohol, drugs or any substance which may endanger your health or safety and/or that of any other person.
6. Beware of fact that many things which may be obvious get overlooked while working. Thus, appropriate care and concentration is required at work to ensure general safety.

Fire Safety

1. Ensure familiarity with the fire safety procedures in work place. Most organizations have fire safety training as a statutory requirement. Ensure you attend the same, after seeking necessary permission from your reporting manager.
2. Understand different kinds of fire fighting equipments installed at your work place.
3. Please become familiar to the sound of the fire alarm and know the emergency/fire exits. These are not normal entry/exits. These exits are signed with the statutory fire exit signs.
4. Attend fire drill if any at your work place and undergo evacuation training.

The GATE 2017 score is calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this score card in GATE 2017

M_q is the qualifying marks for general category candidate in the paper

\bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to \bar{M}_t

In the GATE 2017 score formula, M_q is usually 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2017 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship.

The GATE 2017 score is calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this score card in GATE 2017

M_q is the qualifying marks for general category candidate in the paper

\bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of

multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to \bar{M}_t

In the GATE 2017 score formula, M_q is usually 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper. Qualifying in GATE 2017 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Annexure 2: HEALTH AND SAFETY POLICY

1. Introduction

Randstad recognizes people as its most important asset and is committed to ensuring safe and healthy work environment for all its employees and people visiting its premises. Randstad's Corporate Policy necessitates a specific Health & Safety Policy for its outsourced employees. Given that our EWs are redeployed to various client sites, where each client's Health & Safety Policy would be different, it is our commitment to ensure that our EWs have safe working conditions, where risks if any, are well managed and our clients treat all our EWs as they would treat their direct employees in matters of health & safety.

This document is to be read and thoroughly understood by all Randstad EWs at the time of joining an assignment; it requires them to be aware of the policy and our recommendations for safe working practices.

We assure that we will not depute an EW to a client site, which causes an Occupational Hazard or risk to Health. We will only work with clients who are aligned to our Health & Safety Policy for EWs. Additionally, we advise our EWs and employees to bring to our notice, situations that an EW might encounter and could be a potential health & safety issue.

We also ask our EWs not to endanger themselves or their colleagues at work by violating any safety rules, and to comply with work place instructions besides ensuring that they wear Personal Protective Equipment where advised. Our EWs are asked not to interfere with or misuse anything provided for their safety, health and welfare. This is a condition of employment with Randstad. Management reviews will be held each year to review implementation of this policy and draw upon further improvements for the following year. These improvements will include the policy itself and the associated business processes to attain objective of this policy.

In this regard Secretary, UGC has already requested the universities to help the students in Aadhaar Enrolment vide his D.O. letter No. F.14-34/2011 (CPP-II) dated 11.01.2013.

It may please be noted that the award is liable to be cancelled and it will also attract legal action against the Awardee in the following cases:
