PRESIDENT'S MESSAGE

Dear Alumni Members,

I welcome you all in this **40th AGM** of the MBM Engineering College Alumni Association.

The Association has achieved landmarks in its activities last year. We have been able to commence our ambitious project of Engineering Girls Hostel. The Association express sincere thanks to Shri Harimohanji Bangur, Managing Director of M/s Shree Cement Ltd who announced financial help of **Rs 2.00 Crore** for completion of this project. The amount of **Rs 1.50 crore** has already been received and balance is likely to be received within few days. As per the desire of M/s Shree Cement Ltd., the Girls Hostel has been named as "**Shree Cement Engineering Girls Hostel**" and the same has already been approved by the Syndicate of Jai Narayan Vyas University. Friends, but it will not be enough for completion of the project. I appeal to all Alumni members spread out in all corners of the world to come forward by extending financial help for early completion of the Project.

The Association is concerned about the falling teacher-taught ratio in our Alma Mater. Against the requirement of 226 faculty members as per the norms of the AICTE, the present strength has come down to only 56. Despite all the best efforts made by the Association to pursue this matter with the University and the State government authorities, further recruitment could not be done in the College. This has compelled us to file a public interest litigation in the Hon'ble Rajasthan High Court, Jodhpur which has been taken up by Sr. Advocate of the Rajasthan High Court, Shri M.R. Singhvi. The members will be pleased to note that Sr. Advocate Shri M.R. Singhvi is pleading the case on behalf of the Association free of charge. With the order of the Rajasthan High Court on the Public Interest Litigation, the University authorities have been asked to recruit the required faculties at the earliest. The University authorities have given commitment for recruitment of 34 faculties immediately. At the same time, the Association, through Public Interest Litigation, have requested the court to order to the State Government/University for earmarking fund of Rs 48.00 crore for infrastructural development in the College.

Apart from it, the Association have also requested that the fee collected by the engineering students should be spent for the development of the college activities and a separate account should be opened by the University for this purpose which should be operated by the Dean, Faculty of Engineering. We are hopeful that with regular persuasion we will be able to achieve good results for betterment of our Alma Mater.

In addition to construction of Engineering Girls Hostel, the **1987 Batch** has already taken up Project for construction of TPO Cell which is likely to be completed with a month and will be handed over to the University. Simultaneously, the **1991 Batch** Alumni have taken up the project for reconstruction of the Tutorial Block with an estimated cost of R 30.00 lakh.

I am sure that with these efforts of the Association, it will be possible for us to bring some improvement in our Alma Mater. We are regularly receiving guidance from our senior members. We are hopeful that their valuable guidance will also be available for further improvement of the working of the Association to meet the expectations of every member.

With best wishes,

(Dr. P.C. Purohit)

Honorary Secretary's Report for the year 2015-16

Dear Alumni and Friends,

I am pleased to welcome you all to the 40th Annual General Meeting of our MBM Engineering College alumni association!

The most important contribution to the future of Nation is our graduates - a pool of Thousands great, experienced, dedicated, proud alumni Engineers across the country and around the world. My career life has from the start been centered around M B M College; first as an alumnus, then as an employee of M B M College. It was only natural therefore that I would volunteer my time by working as an active member with the MBM Engineering College Alumni Association. My roles are varied, working with the Alumni Steering Committee, assisting in planning events, etc. I am Happy to see my achievements as Honorary Secretary of our alumni association from past two years.

It therefore goes without saying that alumni are essential members of the M B M College community. We are always in search of alumni eager to give back by sharing their positive learning experiences while attending M B M College, volunteering their expertise where required within the Alumni Association or through the recruitment of future students. Volunteering may also take the form of assisting in the planning of an event, especially in the planning of a reunion for your own graduation class, or you may be more interested in meeting and networking with fellow graduates, or you may want to put your feet up after a hard day of work and relax with fellow Alumni members. We need to strengthen our association, so just get connected.

As well as volunteering we always enjoy hearing from you. Share with us your ideas on how to grow our Association, what were your expectations upon registering as an Alumnus, how are we doing as an Association; let us know. Are there specific academic programme(s) that you would like to see at M B M College? Did you get a new job, move away from the M B M after graduation, we want to know! Keep us updated by submitting your ideas or news to alumni web site for distribution to Alumni or for publication on our web site page or in the M B M College Alumni newsletter. We will welcome your input at all times, and in turn, we will strive to keep you informed about your Alumni Association throughout the year via e-mails, our web site and the Alumni newsletter. Our ultimate goal will be to work with you in the development of your Alumni Association.

Our association took a very Nobel project- A girl's Hostel of Ground plus two 110 rooms, accommodating around 200 Girls. It is a mammoth project costing 7.5 Crores approximately. Benevolent H M Birla, great grandson of Mungani Ram ji Bangur donated 2 Crores for the project. I humbly request all my generous alumni brothers and sisters to come forward to contribute and make yourself part to it.

You are all extended a warm gratitude from the M B M College Alumni Association and we look forward to meeting each and every one of you.

Kind Regards.

On behalf of the MBM Engineering College Alumni Association,

Prof. Ajay Sharma
Hony. Secretary

PRESIDENT'S MESSAGE

Dear Alumni Members,

I welcome you all in the 41st AGM of the MBM Engineering College Alumni Association. This ending year was very eventful in respect of both the MBM Engineering College and the MBM Engineering College Association. For MBM Engineering College, inspection was made by All India Council for Technical Education (AICTE) in respect of faculty strength, status of available infrastructure, laboratory & workshop, library and non-teaching staff. As the details furnished by the College were considered as inadequate by AICTE, it has put the College in the 'No Admission' category for the Academic Year 2018-19.

Immediately, after receipt of such notice by MBM Engg. College, your Association has taken up the issue and an emergent meeting was convened by the Higher Education Minister of Rajasthan, Smt. Kiran Maheshwari in which the President of the Association, Vice Chancellor of the University, Dean-Faculty of Engineering and prominent members of the Association were present along with the Additional Chief Secretary, Higher Education, Government of Rajasthan. The Notice issued by AICTE was discussed in detail and it was urged by the Association that every possible step should be taken by the Government and the College to rectify the shortcomings pointed out by the AICTE so that the tag of 'No Admission' category can be removed. This was agreed by all. In order to rectify the shortcomings The Dean, faculty members of the College, Government representative, and President of the Association set together for two days continuously and Compliance Report was sent to AICTE. With the intervention of senior members of the Association located at Delhi, we were successful in removing the tag of 'No Admission' category for MBM Engineering College within a week's time.

The Association has urged the Government that remaining recruitment of Faculty and Non-Teaching Staff in the MBM Engineering College may be done at the earliest. It was assured by the Government and The Vice Chancellor that this will be done on priority. The Members will be pleased to note that more than 40 Faculty Members have been recruited by the Central Government under the TEQIP Scheme and these faculties have been placed under the control of the Dean, Faculty of Engineering. Similarly, more than Rs 10.00 crore have been allocated to the college under RUSA and TEQIP Scheme for improving the infrastructure facilities at the College.

As already informed, the Association has taken up the project of Engineering Girls Hostel. The construction work is going on well. The Ground Floor and the First Floor are nearing completion. The structure for Third Floor has also been completed. We propose to hand over the First Phase of this Hostel to the College administration in January 2019. However, it requires huge fund for construction and I appeal to all the Members of the Association to generously contribute for this noble cause.

The Members of the Association have shown their solidarity in the past and I am sure will continue to do so for the ongoing Project and will help the Association in further improvement in the working of our Alma mater.

Members of the Association will be happy to note that in this AGM we are presenting the balance sheet for the year 2017-18 also in addition to balance sheet for the year 2016-17 and thus there will be no backlog from now in presenting the accounts of the Association. This was pointed out by the members in earlier AGMs and we are happy that from now there will be no backlog in presenting the accounts of the Association as per the desire of many members.

With best Wishes,

(Dr. P.C. Purohit)

Contribute your Technical Literature/Books to College Library – A Nobel cause

We, the engineers who are professionals invariably possess Books, Technical Reports, Conference/Seminar/Workshop – Proceedings, Manuals or Literature concerning Engineering disciplines. It is one of our valuable assets which could be used as textbooks, research findings, supplementary-text books, technical guides and reference books for the benefit of the students, staff and faculty. Association has taken initiative to create 'Alumni Book Bank' enabling 'College Library' to be equipped with this valuable asset.

Dr. Ratan Tatiya, alumni (1970 Mining) and Professor (1979-1996) who not only proposed this initiative but contributed 93 books to begin with and took responsibility to manage this affair through close liaison with the contributors and the college team that includes: Dean, President-Library and Officer in-charge MBM Engineering College Library. It has already started functioning and we are getting encouraging response since its initiation last year.

You are requested to contribute your valuable literature to 'Alumni Book Bank'. Pl. ensure following:

- For the benefit of the potential readers; the Book/Literature is in good condition, properly bounded and not obsolete. Make sure it is not the rubbish worth throwing but a useful literature worth reading.
- It is properly numbered and stamped with your name. You can use rubber stamp prepared for this purpose and stamping the literature using it throughout the book (optional). List your books mentioning Caption, Author's and Publisher's name and year of publication. Also put the price (based on your own judgment) so that in the event of damage or loss; Library can recover its price from the borrower as per the prevalent rules. Submit this listing in triplicate – 1 copy for the Library; 2nd to the MBM Alumni Association and 3rd for yourself (after getting stamped from the In-Charge Library confirming its receipt). In-Charge library would ensure its stamping (numbering) and maintaining proper record.
- You can handover them in person or sending by post/currier to the following address:

PRESIDENT'S MESSAGE

Dear Friends,

I extend a warm welcome to you all in the 42nd AGM of the MBM Engineering College Alumni Association.

The ending year was full of challenges for the entire Executive team of the Association. On the one side the challenges were to pursue with college administration and University authorities for meeting with requirements of AICTE for allowing the college for new admissions and on other side was to complete the first phase of the project of Engineering Girls Hostel which was already in hand of the Association.

I am happy to inform you that college has conditionally met with the requirements set out by AICTE for new admissions and AICTE has allowed for new admissions in the college for the academic year 2018-19 as well as for 2019-20. The efforts made by some senior members of the Association as well as of college administration in this regard are really praise worthy. For further recruitment of teaching and non-teaching staff, the Association is vigorously pursuing matter with University authorities as well as with state government officials.

Regarding Engineering Girls Hostel project, after near completion, the first phase of the hostel was inaugurated on 4th January, 2019 by Sh. H.M.Bangur, MD Shree Cement Ltd. in the gracious presence of Sh. Gajendra Singh Shekhawat, Union Minister. Both have assured for further financial support after the first phase of the hostel becomes operational.

The near completion of first phase of the hostel could be possible because of financial support of more than Rs.50 lakhs from alumni of 1968 batch during their golden jubilee celebration apart from contribution received from Shree Cement Ltd, alumni of 1974 & 1977 batch and also from the Association itself. However, to make the first phase of the hostel operational, we require lot of funds. I therefore, appeal to all the alumni to kindly generously contribute for this prestigious project of the Association.

I am also happy to inform you that alumni of 1993 batch during their silver jubilee decided to undertake the project for renovation of tutorial block of the college and the project is now near completion. Thanks to alumni of 1993 batch.

The tenure of present office bearers and the executive team of the Association is completing now. I, on behalf of all the office bearers and the entire executive team wish to extend sincere thanks and gratitude to all members for the confidence bestowed upon us. It would not have been possible for us to work and give results without fullest cooperation received from all alumni friends.

I once again thank you all.

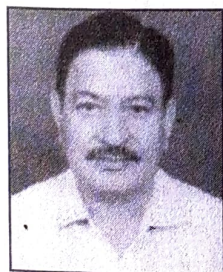

With best wishes,

(Dr. P.C. Purohit)

President

**ADDRESS OF PRESIDENT DR. S.S.TAK TO 43rd GENERAL BODY MEETING
HELD ON 21st FEB. 2021**

Dear Members

I welcome you all on behalf of all office bearers and on my own behalf to this 43rd General Body meeting. But for the Covid 19 this meeting should have been held some where in June/July 2020. I will like to assure the members that we will compensate this by having the next General Body meeting by June/July 21.

As you know, the Present Executive Committee had taken over the charge in August 2019.

In addition to normal work of the Association, the Executive Committee had set for itself, three specific goals:

1. To strive for a more Effective and Efficient Administrative Structure for MBM Engineering College, being prerequisite for restoring old glory of MBM.
2. To restart Girls Hostel Project and make the Hostel operational by July 2020.
3. To develop a network platform to connect maximum possible Alumni all over the world.

I will like to give you in brief the efforts made and the extent to which we could achieve these goals.

For effective and efficient Administrative structure for MBM, the matter was discussed thoroughly in Academic Committee and with Academics. We came to the conclusion that, we should strive for full University Status for MBM.

To achieve this first mile stone was to convince the Chief Minister for this. We could do it with the support of heavy weights like Prof. Goverdhan Mehta and Dr. P. S Goel in a meeting with CM in December 19. However to make it a reality, next mile stone was to get it included in the State Budget for 2020-21. With the Support of our Alumni and local political leaders we could achieve that also. Hon. CM made a allocation of Rs 20 Cr "एम बी एम इंजीनियरिंग कॉलेज को विश्वविद्यालय स्तर की सुविधाएं हेतु"।

But for Covid 19, MBM would have become University by July 2020. In the changed circumstances, we hope this dream will become a reality by July 2021.

For Girls Hostel, it was decided that Our Priority should be to make our huge investment productive as early as possible. With this objective, a target of Rs 80 lakh contribution was set in the budget so that we complete at least Ground and First floors before the beging of Academic Session 2020 and make it operational. The work on 2nd floor may be considered there after depending upon the funds availability.

For restarting the work the prerequisite was we settle the accounts with the Contractor who has been claiming an outstanding of Rs. 84.22 lakh. The most experienced Civil Engineer, available, Er. G.S. Bhandari 55 batch Alumnus, who as young Executive Engineer had supervised the construction of our college buildings was requested to guide us in the matter. After inspecting the incomplete building and discussing the pending issues with the contractor, he advised that change of contractor at this stage will not only result in much higher cost of completion but may also result in unforeseen complications which may delay the Project. With this advise in mind our building committee headed by Er J.S.Choudhary successfully negotiated with the Contractor and settled the account for Rs 9.64 lakh that too be kept as security deposit, to be paid only after completing the Project. Having achieved this breakthrough, work on Girls Hostel was restarted in November 19 with an earnest appeal to Alumni worldwide to contribute Generously. Special appeal was made to our former teachers to bless us for this noble cause.

I am extremely happy to inform that by the Grace of God, Blessings of our Teachers and all out Generous contribution by Alumni we have not only completed just two but All the three floors.

This is the result of efficient, transparent and economical handling of the Project by our Building Committee Headed by Er Jai Singh Choudary. Our heartfelt Appreciation for All the members of Building Committee.

OFF COURSE THIS HAS BECOME POSSIBLE BECAUSE OF THE GENEROUS CONTRIBUTION BY ALUMNI.

WE SALUTE ALL THE GENEROUS CONTRIBUTORS in General and in Particular ,Prof. R . R. Tatia & family (Mrs. Shashi, Anand and Gaurav Tatia) contributing Rs.40 lakh, Er Harendra Singh of H. G. Infrastructure Ltd contributing Rs.25 lakh, Er Suresh Modi of Metalizing Equipment contributing Rs.10 lakh. The list of Batches,contributing for a Room/Rooms and Individuals contributing more than Rs 1.0 lakh are printed in the News Letter and list of all contributors upto 31 January 21 are attached as excel sheet to the News Letter. If name of any contributor is missing our apologies for such a slip, please send us details of your contribution for making necessary corrections.

WORDS ARE NOT ENOUGH TO EXPRESS OUR GRATITUDE TO THE CONTRIBUTORS. LET US GIVE THEM A STANDING OVATION.

Dear Alumni, while the Girls Hostel Project is Physically Complete, it will be Financially Complete only when the loan of Rs 1.16 Cr. taken from Corpus Fund of Association prior to 2019 is repaid. For this we have already started Mission LET US DO IT. I will request all Alumni, specially those batches which have yet to contribute for this Noble Cause to come forward to accomplish our Mission LET US DO IT.

The work on new website site is almost complete. Fact is, this is not just a website, IT IS A COMPLETE ALUMNI RELATED AUTOMATION SYSTEM. This is in house development by our IT team headed Er O.P.Madhvi. Right now the work of necessary data entry is in progress. We hope to completely switch on to this automatic system from 1st April 21. Thanks a lot IT team.

As you are aware the pandemic COVID19 resulted in a Nation wide LOCKDOWN bringing every thing to a halt in March 2020.

However, lockdown gave us an opportunity to think differently. Realising the urgent need of providing Safety Tools to Front line SOLDIERS fighting COVID19 we started COVID19 Help Fund.

We can say with Proud that we were Among the FIRST FEW PROFESSIONAL Bodies which came forward to Help fight this dreaded pandemic. Even Institution of Engineers gave call almost a month after.

I CONGRATULATE Alumni for contributing so Generous for this Social Cause. Their response was far beyond our initial expectations. Alumni contributed about Rs 10 lakh for COVID19 Help Fund. I am proud to place on record the Exemplary Services provided by Er. Mahesh Soni and Er. Sanjay Sharma in reaching out to the Actual Front Line COVID SOLDIERS, risking their own health.

This Act of discharging our social responsibility, provided us with New Energy and resulted in STRENGTHENING OUR RESOLVE TO COMPLETE GIRLS HOSTEL PROJECT.

All these achievements have generated new expectations from Alumni Association, in MBM fraternity . I am sure Association with the cooperation of Alumni worldwide, will Live Up to these expectations.

I once again welcome you all to the 43rd General Body meeting.

Dear Friends.

The ending year was full of challenges for the entire Executive team of the Association. On the one side the challenges were to pursue with college administration and University authorities for meeting with requirements of AICTE for allowing the college for new admissions and on other side was to complete the first phase of the project of Engineering Girls Hostel which was already in hand of the Association.

I am happy to inform you that college has conditionally met with the requirements set out by AICTE for new admissions and AICTE has allowed for new admissions in the college for the academic year 2018-19 as well as for 2019-20. The efforts made by some senior members of the Association as well as of college administration in this regard are really praise worthy. For further recruitment of teaching and non-teaching staff, the Association is vigorously pursuing matter with University authorities as well as with state government officials.

Regarding Engineering Girls Hostel project, after near completion. the first phase of the hostel was inaugurated on 4th January, 2019 by Sh. H.M. Bangur, MD Shree Cement Ltd. in the gracious presence of Sh- Gajendra Singh Shekhawat, Union Minister. Both have assured for further financial support after the first phase of the hostel becomes operational.

The near completion of first phase of the hostel could be possible because of financial support of more than Rs.50 lakhs from alumni of 1968 batch during their golden jubilee celebration apart from contribution received from Shree Cement Ltd, alumni of 1974 & 1977 batch and also from the Association itself. However, to make the first phase of the hostel operational, we require lot of funds. Rising Entrepreneurs from MBM – Proudly Flying the Indian Tiranga high in West Africa

Vinita Bhati & Pankaj Bhati
Founder of Alpha TND Group

It would be very apt to call them "The Power Couple of MBM". Pankaj & Vinita Bhati had graduated from MBM Engineering College in 1999, having completed their B.E. in Electrical Engineering and Electronics & Communication respectively. Having earned the coveted campus placements, both of them started their career with "Secure Meters Limited, Udaipur". After 13 years of professional experience with different organizations in power sector, they decided to create their own first venture "Alpha TND Limited" in Year 2012. It should not come as a surprise that Secure Meters chose it to be their exclusive technology partners (for Ghana) where Alpha TND has set-up a state-of-the-art \$10-Million meter manufacturing plant from where it has already supplied around 1 Million units of Pre-paid and credit meters to all the utilities in the region.

Alpha TND Limited is a Multi-national organization in the Power Sector industry, headquartered in Ghana. In West Africa it is one of the most reputed organizations in the field of power sector infrastructure development. With its established local base and domain-trained resources the company continues to serve Ghana and its neighbouring power utilities in West Africa in the following key areas:

- Metering, Billing & Revenue Protection
- Retail of Fast-Moving Electrical goods
- Direct Sales (Trading)
- EPC Projects

Alpha TND Group is having offices and effective operation in eight countries (India, Dubai, Singapore, Ghana, Liberia, Sierra Leone, Togo, Burkina Faso) and it has successfully executed projects of value in excess of INR 2,000 Crore in different parts of the world, backed by reputed financial institutions like The World Bank, The African Development Bank (AfDB), KfW Development Bank, European Union. etc. It has made for itself a name to reckon with in the field of Design, Supply, Installation, and Commissioning of 66/33/22 kV substations as well as LV & MV Power Transmission Lines (up to 66 kV) and Service Connections.

In addition, Alpha TND was recently adjudged the "Best Meter Manufacturing Company of the Year- 2020" as well as the "Emerging Company of the Year 2020".

After establishing their credentials in the power sector, the Bhati's have subsequently diversified their interest in other businesses including electronic manufacturing, software automation, Finance, NBFC, Financial technology platform and true to their wont, they are already a part of several other successful ventures like Analogic Tech India Limited - India (Electronic Manufacturing and software services), Klik.ai - Toronto (Software Automation), Inditrade Capital - India (NBFC), GMoney - India (Fin-tech), etc.

We, the whole MBM family takes great pride in what Mr. & Mrs. Bhati have achieved at such a young age. We wish them more successes and rewards in the years to come. May they continue to enlighten the path of entrepreneurship for their juniors to follow. Amen!

ADDRESS OF PRESIDENT DR. S.S.TAK TO 44th GENERAL BODY MEETING HELD ON 19th Sept. 2021

Dear Members

I welcome you all on behalf of all office bearers and on my own behalf to 44th General Body meeting. First of all, on behalf of all office bearers, will like to thank from the Core of Our Hearts, the Alumni at large and members of Alumni Association for extending such a overwhelming support to us during last two years. What ever has been achieved in last two years is because of this hole Hearted support. I hope we have lived upto the Expectations of the Alumni.

As you know, the Present Executive Committee had taken over the charge in August 2019.

In addition to normal work of the Association, the Executive Committee had set for itself, three specific goals:

1. To strive for a more Effective and Efficient Administrative Structure for MBM Engineering College, being prerequisite for restoring old glory of MBM.
2. To restart Girls Hostel Project and make the Hostel operational .
3. To develop a network platform to connect maximum possible Alumni all over the world.

I will like to give you in brief the efforts made and the extent to which we could achieve these goals.

For effective and efficient Administrative structure for MBM, as has been informed in the earlier meeting we could convince the Hon. Chief Minister Shri Ashok ji Gehlot to grant University Status to MBM. He very kindly agreed to our request. The present status is that, the Council of Ministers had approved the Bill " MBM UNIVERSITY ACT 2021" and the Bill has been placed on the table of Assembly during budget session. However due to Second Wave of COVID19 the Assembly was adjourned abruptly and Bill could not be taken up by the Assembly . We are sure that " MBM UNIVERSITY ACT.2021 " will be approved in the Next Session of Assembly.

But for Covid 19, MBM would have become University by now. In the changed circumstances , we hope our this dream will become a reality by September/ October 2021 .

For Girls Hostel, it was decided that Our Priority should be to make our huge investment productive by completing at LEAST TWO FLOORS as early as possible.

I am extremely happy to inform that by the Grace of God, Blessings of our Teachers and all out Generous contribution by Alumni we have COMPLETED ALL THE THREE FLOORS.

NOT ONLY THAT WE HAVE REPLENISHED THE CORPUS FUND FROM WHICH a SUM of MORE THAN Rs. 1 CRORE was drawn for this purpose in the past.

This is the result of efficient, transparent and economical handling of the Project by our Building Committee Headed by Er Jai Singh Choudary. Our heartfelt Appreciation for All the members of Building Committee.

In short upto 31st March 21 a sum of Rs 6.5 Crores has been spent on Girls Hostel, of which Rs 2.00 Crores were contributed by Shree Cement, of the remaining Rs 4.5 Crores, Rs 3.5 Crores have been contributed by the Alumni during tenure of present Executive Committee, that too upto 31st March 21. After March Association has further received Rs 50 lakh making a total of Rs 4.0 Crores only under this head during last two years.

WE SALUTE ALL THE GENEROUS CONTRIBUTORS in General and in Particular ,Prof. R . R. Tatia & family (Mrs. Shashi, Anand and Gaurav Tatia) contributing Rs.40 lakh , Er Suresh Modi & family of Metalizing Equipment contributing Rs.31 lakh, Er Harendra Singh of H. G. Infrastructure Ltd contributing Rs.25 lakh and Er Surendra Surana Rs 11 lakh.

Our former teachers including Prof. Tatia blessed us with a contribution of Rs 70 lakhs.

Amongst the batches 1968 batch contributed Rs 60 lakh prior to 2019 and further added Rs 11 lakhs making a total of Rs. 71 lakhs, 1974 batch contributed Rs 30 lakh, 1969 batch contributed Rs 20 lakh, 1977 batch contributed Rs 23 lakh and 1990 batch contributed Rs 20 lakh , We highly appreciate the efforts made by coordinators of 1968 Dr. G. C. Kothari, 1969 Er KML Mathur & V. N. Bansal, 1974 Er Sohan Bhutra & Er Akash Mehta , 1977 Dr P. C. Purohit and 1990 Er Dinesh Goyal.

We thank ALL BATCH COORDINATORS for their kind support in mobilising the contribution from their batch mates. The list of Batches, contributing for a Room/Rooms and Individuals contributing more than Rs 1.0 lakh has been printed in the News Letter and name of each and every contributor is available in excel sheet attached herewith.

WORDS ARE NOT ENOUGH TO EXPRESS OUR GRATITUDE TO THE CONTRIBUTORS FOR THEIR GENEROUS AND GRACIOUS CONTRIBUTION. LET US GIVE THEM ALL A STANDING OVATION.

For the furniture of Girls Hostel, Hon. Vice-Chancellor was kind enough to sanction Rs 18 lakhs in October 2020. However, this grant was not utilized in last financial year for reasons best known to people responsible for it. Hon. VC has renewed this grant recently on our request and we hope that Furniture will be procured soon.

As you are aware two waves of pandemic COVID19 resulted in a Nation wide LOCKDOWNS bringing every thing to a halt for a very long time and causing lots of suffering.

We can say with Pride that we were Among the FIRST FEW PROFESSIONAL Bodies which came forward to Help fight this dreaded pandemic. Even Institution of Engineers gave call almost a month after.

I CONGRATULATE Alumni for contributing so Generous for this Social Cause. Their response was far beyond our initial expectations. Alumni contributed more than Rs 50 lakh for COVID19 Help Fund. Association provided PPE kits, Masks and Sanitizer during the first wave and a Oxygen Plant and 20 Oxygen Concentrators during the Second Wave. USA Alumni contributed more than Rs 30 lakh for this cause. We thank them from core of our hearts. Our Heartfelt Appreciation for Er Mahesh Soni and Er Sanjay Sharma for reaching out to Front line Covid workers risking their own health during the first wave of COVID19.

During last two years we have added Rs 16 lakh to Corpus of Permanent scholarships. The Adhoc Scholarships awarded were all time high, more than Rs 7.5 lakh in two years. Adoption by Er B. L. Mohata continued averaging more than Rs 3.00 lakh per annum.

Association have now FCRA registration and therefore can receive funds from overseas directly in foreign currency. Just in last two months we have received about Rs 30 lakh through this account. Our Heartfelt Appreciation for Prof. (Dr.) Ramesh Chandra Joshi 55 batch for contributing more than Rs 18.00 lakh as first contribution in FCRA ACCOUNT.

I hope you all are aware that we have renovated Our Association Office including much needed repair and maintenance costing about Rs 5.5 lakh.

It gives me a great satisfaction to inform you that financial health of the Association has improved considerably in last two years. As of today we have FDs for more than Rs 3.0 Crores against the Rs 1.25 Crores when this EC assumed the charge.

All this has become possible because we could reach out to much larger number of Alumni. We are trying to expand it further using IT tools, yet we need to do a lot in this area. Our new website with many new features is ready . It has been developed in house. We highly appreciate the hard work put in by Er O.P. Madhvi 68 batch for this development. I will request you all and the Alumni at large to register themselves on this website for better communication.

My sincere apologies to the institutors of Gold Medals for not awarding the Gold Medals in last two years. No excuses. However, I wish to assure them that ALL these pending Gold Medals will be awarded this year. We have made a provision for the same in budget of 2021-22.

All these achievements have generated new expectations from Alumni Association, in MBM fraternity . I am sure Association with the cooperation of Alumni worldwide, will Live Up to these expectations.

I will earnestly request you all to motivate all our Alumni who have as yet not taken the Membership of Alumni Association to become Life Member of Association.

I once again welcome you to this 44th General Body Meeting.

Dr. Ratan Tatiya
1948-2020

Dr. Ratan Tatiya, unfortunately left us in March of 2020. His personality glorified principles of honesty, hard work and humility.

Professionally, he had a unique combination of being an academician, an industry leader, and a miner. MBM Engineering College recognized his brilliance and awarded him the Gold Medal in 1970 Mining batch. He started his career as a Mines' Manager at Khetri Copper Mines & was awarded "First Class Mines' Manager" - the Highest Position to Manage Mines in commonwealth countries.

He was awarded a unique Commonwealth Scholarship to accomplish his Doctorate degree at the Royal School of Mines, Imperial College, London, and the Diploma Imperial College (DIC), an honor which generations will remember and benefit from.

His passion for teaching at MBM Engineering College, Jodhpur, India and Sultan Qaboos University, Muscat, Oman, is well reflected by the number of students he has across the globe and who remember and refer him for his excellent knowledge on the subject, simple techniques of teaching and his pleasant personality.

He achieved international accolades and was a global personality in the space of Mining and the related areas. His international publications, by way of 3 books and 60 technical papers, are an unparalleled source of education for future generations. His books, namely Surface and Underground Excavations – Methods, Techniques and Equipment; Civil Excavations and Tunneling – A Practical Guide & Elements of Industrial Hazards, Health, Safety, Environment & Loss Prevention, have enjoyed excellent appreciation from researchers and students globally. In corporate world he held leadership positions at well-known global industry giants. Under his leadership the corporate world hugely benefited in terms of improving their top and bottom line.

As much as he was dedicated to his profession, he was equally dedicated to social causes. Education and Healthcare were close to his heart. He was a keen believer in giving back to the society and dedicated the later part of his life in a quiet but effective manner for uplifting his fellow country men & women to lead a life with full dignity, honesty and hard work. He & his wife Mrs. Shashi Tatiya have founded a trust by the name of RASTA to channelize their personal efforts and resources for the benefit of humankind. RASTA continues to work as per the vision led by Dr. Tatiya.

He was very kind hearted to association. He contributed Rs. 5 Lacs for girls hostel project and offered to contribute another Rs. 35 Lacs for dining hall. Before he could do that, he left for heavenly abode on 29th March 2020. His family fulfilled his desire by contributing Rs. 35 Lacs. thereby making total contribution of Rs. 40 Lacs.
