4th Floor, East Tower, NBCC Place, Bhisham Pitamah Marg, Pragati Vihar, Lodhi Road, New Delhi 110003

File No: 32-52/2018-NBA

Date: 11-03-2021

To,  
The Principal  
MBM Engineering College,  
Faculty of Engineering, JNV University,  
Jodhpur-342001,  
Rajasthan

**Subject: Accreditation status of programs applied by MBM Engineering College, Faculty of Engineering, JNV University, Jodhpur-342001, Rajasthan.**

Sir,

This has reference to your application I.D. Nos. **4483-06-01-2020, 4555-29-01-2020 and 4559-30-01-2020** seeking accreditation by National Board of Accreditation in Tier-I format to UG Engineering programs offered by **MBM Engineering College, Faculty of Engineering, JNV University, Jodhpur-342001, Rajasthan.**

2. An Expert Team conducted online evaluation of the programs from 29<sup>th</sup> to 31<sup>st</sup> January, 2021. The report submitted by the Expert Team was considered by the concerned Committees constituted for the purpose in NBA. The competent authority in NBA has approved the following accreditation status to the programs as given in the table below:

Sl. No.	Name of the Program (s) (UG)	Basis of Evaluation	Accreditation Status	Period of validity	Remarks
(1)	(2)	(3)	(4)	(5)	(6)
1.	Electrical Engineering	Tier-I January, 2016 Document	Accredited	Academic Years 2021-2022 to 2023-2024 i.e. up to 30-06-2024	Accreditation status granted is valid for the period indicated in Col.5 or till the program has the approval of the competent authority, whichever is earlier
2.	Mechanical Engineering		Accredited		
3.	Production & Industrial Engineering		Accredited		

3. It may be noted that only students who graduate during the validity period of accreditation, will be deemed to have graduated with an NBA accredited degree.

4. The programs have been granted accreditation for 3 years. **MBM Engineering College, Faculty of Engineering, JNV University, Jodhpur-342001, Rajasthan** should submit the Compliance Report at least six months before the expiry of validity of accreditation mentioned above to be eligible for consideration by the concerned Committee in NBA for further processing of the accreditation status.

5. The accreditation status awarded to the programs as indicated in the above table does not imply that the accreditation has been granted to **MBM Engineering College, Faculty of Engineering, JNV University, Jodhpur-342001, Rajasthan** as a whole. **As such the Institution should nowhere along with its name including on its letter head etc. write that it is accredited by NBA because it is program accreditation and not Institution accreditation. If such an instance comes to NBA's notice, this will be viewed seriously.** Complete name of the program(s) accredited, level of program(s) and the period of validity of accreditation, as well as the Academic Year from which the accreditation is effective should be mentioned unambiguously whenever and wherever it is required to indicate the status of accreditation by NBA.

Cont./-

6. The accreditation status of the above programs is subject to change on periodic review, if needed by the NBA. It is desired that the relevant information in respect of accredited programs as indicated in the table in paragraph 2, appears on the website and information bulletin of the Institute.

7. The accreditation status awarded to the programs as indicated in table in paragraph 2 above is subject to maintenance of the current standards during the period of accreditation. If there are any changes in the status (major changes of faculty strength, organizational structure etc.), the same are required to be communicated to the NBA, with an appropriate explanatory note.

8. A copy each of the Report of Chairman of the Visiting Team and Evaluators' Reports in respect of the above programs are enclosed.

9. If the Institute is not satisfied with the decision of NBA, it may appeal within thirty days of receipt of this communication giving reasons for the same and by paying the requisite fee.

Yours faithfully,

(Dr. Anil Kumar Nassa)  
Member Secretary

### **PREAMBLE**

The Department of Production & Industrial Engineering in association with Internal Quality Assurance Cell (IQAC), M.B.M. Engineering College, Faculty of Engineering & Architecture, Jai Narain Vyas University, Jodhpur conducted the webinar on

*“5S: A Japanese Methodology for Workplace Management”* for the students, scholars, teaching faculties, practitioners, consultants, entrepreneurs and people from industry and service sector.

MBM Engineering College is one of the oldest Engineering colleges in India established on 15th August 1951 by the government of Rajasthan, the college boasts of its high academic & technical standards having 12 departments including the recently added Petroleum Engineering stream. Later, this college was merged with the University of jodhpur in year 1962 presently known as the Faculty of Engineering & Architecture, of Jai Narain Vyas University, Jodhpur. This University has 39 departments and 6 centres.

Production & Industrial Engineering Department was established in year 1990 to impart quality education in the area of Production and Industrial Engineering. The department has well equipped CAD/CAM lab, Robotics, Industrial Engineering, Advanced testing lab, Product Design and Development Laboratories. The department has specialization in Manufacturing and Industrial Engineering, Automation (CAD/CAM&CAPP), Supply Chain Management, Performance Measurement, Information Systems.

### **Internal Quality Assurance Cell (IQAC) – Vision**

To promote quality culture as the prime concern of Higher Education Institutions through institutionalizing and internalizing all the quality-enhancing and sustaining initiatives taken with internal and external support.

### **Objective**

The primary aim of the IQAC is

- To develop a mechanism to promote conscious, consistent and catalytic action plans to improve the academic and administrative performance of the institution.

## Faculty of Engineering & Architecture Jai Narain Vyas University, Jodhpur

- To promote institutional quality enhancement and sustenance through the internalization of quality culture and institutionalization of the best practices.

IQAC offers various intra- and inter-institutional workshops and seminars/webinar on quality- related themes and promotion of quality circles.

Prof. Milind Kumar Sharma was Convener and Dr. Lakhan Patidar was Co-Convener of the programme. Total number of participants showed their interest for webinar on “5S: A Japanese Methodology for Workplace Management” were 841. Out of them many people have belonging to very reputed institutes and university. Participants have registered in India from all region as well as some of the participants having registered from others country as shown in below pie chart.

**Detail of Foreign Participants**

## Faculty of Engineering & Architecture Jai Narain Vyas University, Jodhpur

### Details of registered participants

Of these, around 190 participants took part in online webinars which included teachers (37%), students: UG, PG and PhD scholars (47%), practitioners, consultants, entrepreneurs and people from the industry and services sector (16%).

Prof. Milind Kumar Sharma, Head, Department of Production & Industrial Engineering, and Director (IQAC), M.B.M. Engineering College, Faculty of Engineering & Architecture, Jai Narain Vyas University, Jodhpur delivered the lecture.

### The course content delivered in the webinar is as follows:

The impact of 5S in day-to-day activity with best suitable real life examples was discussed in this session.

The Co-Convener of the webinar Dr. Lakhan Patidar briefed about the IQAC and session. The resource person of this webinar was Professor Milind Kumar Sharma, Head, Departmental Production and Industrial Engineering, and Director Internal

## **Faculty of Engineering & Architecture Jai Narain Vyas University, Jodhpur**

Quality Assurance Cell (IQAC), Faculty of Engineering & Architecture, MBM Engineering College, Jai Narayan Vyas University Jodhpur. The resource person explained the usefulness of *"5S: A Japanese Methodology for Workplace Management"* and stated that 5S can be a game changer for strategy organizations. Neither capital nor sophisticated training sessions are required for 5S. It suggests methods for streamlining the management and use of the workplace, by identifying and storing the objects used, based on the frequency of their use, the work area and the objects to be maintained and thus the new order to improve overall efficiency and effectiveness. He discussed the basic concepts used in the day to day operation with best suitable real life examples which are essential for the understanding of 5S. He emphasized that 5S implementation takes place through dialogue and arriving at a consensus about standardization, which develops an understanding between employees to develop a work culture for how they should work in order to eliminate rework, waste and inefficiencies. It also paves the way for successful civic implementation. He inspired the audience by lively interacting on topics to take proactive initiatives and propose reforms on how things should be done, rather than feeling powerless in their respective roles.

Also the feedback about the session was collected from all the participants to improve the sessions that will be conducted in the mere future. The sample details collected from the participants is as follows:

5S: A Japanese Methodology for Workplace Management Webinar Brochure

## Faculty of Engineering & Architecture Jai Narain Vyas University, Jodhpur

This programme is arranged in the motive of sharing the knowledge and practical experience of Professor Milind Kumar Sharma, who has a long years of experience in research. The overall organization and deliverance of the webinar was helpful and satisfied the participants.

The screenshot shows a Cisco Webex meeting interface. The main slide is titled "Necessity of 5S" and is numbered 4. It lists four points:

- Have only what are required in and around the workplace,
- A designated place for every item needed in day-to-day operations,
- A standard way of carrying out activities, and
- The discipline to maintain and make it a permanent feature.

The meeting participants list on the right shows 125 participants, including TC TV S Kalyan chakravarthi, TS Tarun kumar solanki, TW Tashi Wangmo, U U.Y.Anupama, US urvashi sharma, VC Vaibhav Chavan, VG vaibhav gupta, VS Vatsal Shah, VS ved Parkash Saxena, VT vedprabha toshniwal, VB Vijayakumar B, V Vishal, and VG Vishal Gour.

The screenshot shows a Cisco Webex meeting interface. The main slide is titled "Steps for Sustaining 5S" and is numbered 32. It lists six points:

- Awareness - of the Importance of 5S.
- Time - allocation for 5S in work schedule.
- Structure - for how and when 5S activities will be implemented.
- Support - from management for acknowledgement, leadership & resource.
- Rewards and Recognition.
- Satisfaction and excitement.

The meeting participants list on the right shows 143 participants, including PA Prashant Athanker (Host, me), DS Dr. Milind Kumar Sharma (Cohost), Dr. Kailash Chaudhary (Cohost), AT Afsana Tajnin, AN AKASH NAMDEV, A amit, AB AMIT BANSAL, AS Amit Sheoran, AK ANAND KHADKE, AC ankit choudsey, AS ANNA BALAJI PRINCIPAL SVCP, AV Antony P V, and AS Ashutosh Singh.

A small window titled "Recorder" is visible in the bottom right corner, showing "Recording..." and a timer at 00:50:32, with buttons for "Pause" and "Stop".

### **PREAMBLE**

The Department of Production & Industrial Engineering in association with Internal Quality Assurance Cell (IQAC), M.B.M. Engineering College, Faculty of Engineering & Architecture, Jai Narain Vyas University, Jodhpur conducted the webinar on “*Kaizen: A Japanese Management Technique*” for the students, scholars, teaching faculties, practitioners, consultants, entrepreneurs and people from industry and service sector.

MBM Engineering College is one of the oldest Engineering colleges in India established on 15th August 1951 by the government of Rajasthan, the college boasts of its high academic & technical standards having 12 departments including the recently added Petroleum Engineering stream. Later, this college was merged with the University of jodhpur in year 1962 presently known as the Faculty of Engineering & Architecture, of Jai Narain Vyas University, Jodhpur. This University has 39 departments and 6 centres.

Production & Industrial Engineering Department was established in year 1990 to impart quality education in the area of Production and Industrial Engineering. The department has well equipped CAD/CAM lab, Robotics, Industrial Engineering, Advanced testing lab, Product Design and Development Laboratories. The department has specialization in Manufacturing and Industrial Engineering, Automation (CAD/CAM&CAPP), Supply Chain Management, Performance Measurement, Information Systems.

### **Internal Quality Assurance Cell (IQAC) – Vision**

To promote quality culture as the prime concern of Higher Education Institutions through institutionalizing and internalizing all the quality-enhancing and sustaining initiatives taken with internal and external support.

### **Objective**

The primary aim of the IQAC is

- To develop a mechanism to promote conscious, consistent and catalytic action plans to improve the academic and administrative performance of the institution.
- To promote institutional quality enhancement and sustenance through the

## **Faculty of Engineering & Architecture Jai Narain Vyas University, Jodhpur**

internalization of quality culture and institutionalization of the best practices.

IQAC offers various intra- and inter-institutional workshops and seminars/webinar on quality- related themes and promotion of quality circles.

Prof. Milind Kumar Sharma was Convener and Dr. Lakhan Patidar was Co-Convener of the programme. Total number of participants showed their interest for webinar on Kaizen were 941. Out of them many people have belonging to very reputed institutes and university. Participants have registered in India from all region as well as some of the participants having registered from others country like Bhutan (08), UK (01), Bangladesh (01), Egypt (04), Philippines (01) Nigeria (01) etc. Of these, around 160 participants took part in online webinars which included teachers (37%), students: UG, PG and PhD scholars (47%), practitioners, consultants, entrepreneurs and people from the industry and services sector (16%).

Prof. Milind Kumar Sharma, Director (IQAC) & Head, Department of Production & Industrial Engineering, M.B.M. Engineering College, Faculty of Engineering & Architecture, Jai Narain Vyas University, Jodhpur delivered the lecture.

### **The course content delivered in the webinar is as follows:**

The impact of Kaizen in day-to-day activity with best suitable real life examples was discussed in this session.

The Co-Convener of the webinar Dr. Lakhan Patidar briefed about the IQAC and session. The keynote speakers of this webinar were Professor Milind Kumar Sharma, Director Internal Quality Assurance Cell (IQAC) and Departmental Production and Industrial Engineering, Faculty of Engineering, MBM Engineering College, Jai Narayan Vyas University Jodhpur. The keynote speaker explained the usefulness of "Kaizen: A Japanese Management Technique" in various research areas through this webinar and stated that kaizen can be a game changer for strategy organizations. Neither capital nor sophisticated training sessions are required for kaizen. He motivates employees to make their own suggestions on breaking traditional organizational silos and paves the way for leadership, creative thinking and a sense of ownership with the organization. He discussed the basic concepts used in the day to day operation with best suitable real life examples which are essential for the understanding of Kaizen philosophy. He

## Faculty of Engineering & Architecture Jai Narain Vyas University, Jodhpur

inspired the audience by lively interacting on topics to take proactive initiatives and propose reforms on how things should be done, rather than feeling powerless in their respective roles. He emphasized that kaizen can help improve day-to-day operations, eliminate wasteful and non-value-added activities, increase work quality and productivity.

Also the feedback about the session was collected from all the participants to improve the sessions that will be conducted in the mere future. The sample details collected from the participants is as follows:

**Kaizen: A Japanese Management Technique Webinar Brochure**

## Faculty of Engineering & Architecture Jai Narain Vyas University, Jodhpur

This programme is arranged in the motive of sharing the knowledge and practical experience of Professor Milind Kumar Sharma, who has a long years of experience in research. The overall organization and deliverance of the webinar was helpful and satisfied the participants.

The screenshot shows a Cisco Webex Meeting window. The main content area displays a presentation slide titled "Types of Kaizen" (partially visible as "Types ( Viewing Dr. Milind Kumar S... ctivities"). The slide lists three types of Kaizen:

- Individual oriented (Suggestion System)
- Group oriented (Quality Circle)
- Management oriented (Kaizen)

The slide number "15" is visible in the top left corner. The bottom of the window shows the Webex toolbar with buttons for Unmute, Stop video, Share, and Record. The right sidebar shows a list of participants (150) and a chat window with messages from various attendees.

The screenshot shows a Cisco Webex Meeting window. The main content area displays a presentation slide titled "KAIZEN". The slide includes a table with the following information:

KAIZEN		KAIZEN FORM NO.
		Parking Area Unit 1
		SUGGESTION DATE: 07/07/2015
		SUGGESTED BY: Subhash Dhadse

Below the table, there is a section for "KAIZEN IDEA: PLANNING FOR IMPROVEMENT IN: PRODUCTIVITY / QUALITY / COST REDUCTION / DELIVERY / SAFETY / RELIABLE". It includes a "PROBLEM / PRESENT STATUS BEFORE KAIZEN" section with a photo of a parking area and a "KAIZEN" section with a photo of a parking area. The slide number "26" is visible in the top left corner. The bottom of the window shows the Webex toolbar with buttons for Unmute, Stop video, Share, and Record. The right sidebar shows a list of participants (146) and a chat window with messages from various attendees.

(Professor Milind Kumar Sharma interacting with participants)

The objective of the webinar was achieved. The overall session discussion benefitted the faculty members, students: UG, PG & PhD scholars, practitioners, consultants, entrepreneurs and people from industry and service sector. This webinar would help the participants help in improving day-to-day operations, elimination of waste & non value adding activities, enhanced work quality and productivity. Nonetheless, it is not an antidote for every challenge an organization may encounter, implementing Kaizen can result into consistent and long-term growth. The webinar concluded with the distribution of e-certificates to the participants.

# ***5S: A Japanese Methodology for Workplace Management***

5S methodology originally has its roots in Japanese manufacturing, now expanding its applications to a wide variety of business activities including, industry, health care, education, government and knowledge economy.

5S *seiri* (整理), *seiton* (整頓), *seiso* (清掃), *seiketsu* (清潔), and *shitsuke* (躰) translate as "Sort", "Set in order", "Shine", "Standardize" and "Sustain" in English language. These 5S suggest methods to manage and organize workplace in order to improve overall efficiency and effectiveness by identifying and storing items used based on their frequency of usage, maintaining the work area and items, and thereby sustaining the new order. Key to successful 5S implementation is through dialogue and arriving on consensus about standardization, which builds understanding among employees to develop a work culture about how they should do the work in order to eliminate rework, waste and inefficiencies. It paves the way for successful *kaizen* implementation as well.

This webinar on “5S: a Japanese methodology for workplace management” primarily aims to sensitize, educate and spread awareness about 5S methodology among entrepreneurs, practitioners, managers, small & medium enterprises (SMEs), faculty members, students & staff of educational institutes and other service sectors. Besides, benefits and implementation strategies of 5S will also be discussed.

# Kaizen: A Japanese Management Technique

*Kaizen*, a Japanese management philosophy, originated from Toyota Production System, if translated in English, is *small continuous on-going improvement*. It is a process oriented approach having wide applications cutting across all disciplines and involves organization wide participation no matter what the role one plays in hierarchical pyramid.

The *Kaizen* strategy may prove to be a game changer for organizations, especially during the time of unprecedented contraction of global economy as organizations are under tremendous pressure to improve productivity by delivering bigger results paradoxically with fewer resources. Neither capital nor sophisticated training sessions are *sine qua non* for *Kaizen*. It empowers employees to give their suggestions breaking conventional organizational silos and pave the way for leadership, creative thinking, and sense of ownership with the organization. It motivates employees to take active initiatives and propose improvements to how things should have been done, instead of feeling powerless in their respective roles. When their ideas are taken on board and recognized, they cherish the change and impact their ideas have caused encouraging others to follow suit leading towards developing a quality work culture in the organization.

*Kaizen* may help in improving day-to-day operations, elimination of waste & non value adding activities, enhanced work quality and productivity. Nonetheless, it is not an antidote for every challenge an organization may encounter, implementing *Kaizen* can result into consistent and long-term growth.
